

Stakeholder Workshop — Agenda / Paydaş Çalıştayı

Gündemi

ToR T10–T11. Purpose: present synthesis findings, gather feedback, and capture inputs to the Strategic Disaster Resilience Roadmap. Participants: AFAD PMU, World Bank DRM team, relevant İBB/İZSU/GDZ/İzmirgaz counterparts.

Objectives

1. Validate the data-adequacy picture and the gap/request list.
2. Confirm/adjust the priority zones (data-derived) and the F-BWM criteria importance.
3. Agree the no-regret/quick-win shortlist and roadmap phasing.

Draft agenda (half-day)

Time	Item
0:00	Welcome; project & visibility (TAFF/EU + WB + AFAD)
0:10	Multi-hazard context & 2020 lessons
0:25	Data review — adequacy (A/B/C) & gaps → data-request decisions
0:45	Urban systems failure points (network analysis)
1:05	F-BWM elicitation session — Best/Worst criteria + comparisons (live input)
1:35	Priority Index hotspots — discussion
2:00	Strategies & no-regret measures; feasibility
2:25	Roadmap & next steps; inputs to the Resilience Roadmap
2:45	Wrap-up, actions, data-access commitments

Outputs to capture

- Completed F-BWM elicitation forms (→ 05_src/config/weights_fbwm.yaml).
- Agreed data-request list owners & dates (→ 03_data/data_inventory.md).
- Feedback log → roadmap inputs.

The F-BWM elicitation embedded here is the single structured session referenced in 04_methods/fuzzy_bwm_spec.md §3.
